

## The Entertainment Trade Information Portal

[www.e-play.pl](http://www.e-play.pl)

The portal was started to educate, inform and integrate.

The main aim of [www.e-play.pl](http://www.e-play.pl) is full unification of the entertainment trade at one area, which is the Internet. In our portal most important places will be taken by the actual trade information, the data base of the firms from the same business branch., the advertisement of products and machines used at work.

The portal's aim is also unification of the all economical subjects grouping each of the branch section- by their representatives. The main place in the portal will take information posted by the trade Unions, the Chamber of Commerce and especially by the media and informators.

In the portal there is strict division for the following sections:

- automats- AWP and amusement,
- hazard- news from casinos, salons and AWP machines,
- billiard- American pool and snooker,
- darts- information about organizations and distributors,
- bowling- tournament as well as recreative,
- lunaparks- stationary and traveling entertainment parks,
- circuses- with the information of the tours,
- information section- law, custom issues, new acts of law, exhibitions and shows, actual records, the branch tournaments, ranking lists, etc.

The portal includes also data base of the Polish companies of the branch, actualized by the interested, and data base of the European firms.

Portal collects the information about clubs:

- billiard
- bowling halls
- darts clubs
- entertainment centers (large game salons)
- stationary lunaparks
- circuses and their tours

The portal includes the www-browser, mini-shop, small announcements and commercial banners for the producers and distributors.

Additionally in the portal there will be incorporated online games (roulette, cards, poker, etc) and other plays, links connected with the branch events, discussion forum and also other useful sites.(We want to put there short films from the trade events, wallpapers, screen savers, etc).

Portal wants to include in its base all of the organizations, Unions and Trades connected with entertainment branch. It will act as the informer of the already existing organizations and commerce, actual tax and custom regulations connected with the technical issues and equipment exploited by the different branch sections service.

We plan to include links connected with the branch sites in Poland and abroad On the portal sites there is a possibility of advertisement of different kinds.
